## COMPANY OVERVIEW

Nova Titan Systems LLC is a Small Business technology solutions provider specializing in IT infrastructure, cybersecurity, field services, and industrial systems support. Based in Lubbock, Texas, we deliver comprehensive technology services to commercial, industrial, and government clients across West Texas and nationwide through remote capabilities. Our expertise spans cloud security, network infrastructure, technical installations, and managed IT services, backed by proven performance supporting regional businesses, educational institutions, and enterprise clients. We provide rapid response, technical reliability, and professional execution for complex technology deployments.

## CORE COMPETENCIES

### A. Cybersecurity & Cloud Security

- IAM & AWS security configuration and hardening
- Vulnerability assessment & remediation services
- Incident response & threat monitoring
- Zero Trust architecture implementation
- ICS/OT cybersecurity advisory and consulting

### B. IT & Networking Services

- Network installation, repair, and optimization
- Firewall, routers, switches, and WiFi deployments
- Data center support and infrastructure management (PSC DC01/DC10)
- Help desk & end-user technical support (PSC DE01/DE10)
- System monitoring and proactive maintenance

### C. Field Services & Technical Installations

- Security systems installation (alarms, cameras, sensors) - NAICS 561621
- TV mounting, POS systems, kiosks, and terminal installation
- Structured cabling, fiber optic, and low-voltage wiring - NAICS 238210
- Office equipment, printers, and peripheral device setup
- Technical representative services (PSC L058/L060)
- Equipment testing, troubleshooting, and commissioning

### D. Consulting & Managed Services

- Systems design & integration services
- Business process & operations consulting

- Technical project management and coordination
- Fractional CTO/CISO advisory services
- Technology roadmap development and strategic planning

## PAST PERFORMANCE

Nova Titan Systems has successfully completed 95+ technology projects across commercial, industrial, and institutional clients. Representative engagements include:

- **7 Brew Coffee** – Multi-location network infrastructure upgrades and field installation services for retail technology systems
- **NCR / Lexmark** – Nationwide printer, POS terminal, and network support for enterprise equipment deployments
- **Granite Telecommunications** – Network testing, troubleshooting, and remediation services for telecommunications infrastructure
- **Field Nation / WorkMarket** – Verified vendor providing technical field services and smart hands support across Texas
- **Regional Banks & Educational Institutions** – Structured cabling, network infrastructure, and equipment installation projects in Lubbock area
- **Tagmarshal Golf Systems** – GPS cart tracking system and kiosk installation services for golf course operations
- **Industrial & Manufacturing Clients** – Equipment setup, network connectivity, and technical support for operational technology environments
